**BENAGES BECOMES A CERTIFIED ANTI-TERRORISM SPECIALIST**

**CHICAGO, IL** --- Sako & Associates, Inc. (SAKO) is pleased to announce that Adolfo M. Benages CPP, a Senior Security Consultant located in the SAKO/Chicago office, has recently been accredited as a Certified Anti-Terrorism Specialist (CAS). As a professional with this certification, Benages will be among an elite group that is recognized as having the skills and expertise to handle the terrorism threats that exist in today's world.

Founded in 2001, the Anti Terrorism Accreditation Board, working with the Terrorism Response Association and The International Society of Anti-Terrorism Professionals, created the training and examination process that accredits professionals as Certified Anti-Terrorism Specialists or Certified Master Anti-Terrorism Specialists. The goal of these certifications is to train and educate terrorism responders and increase their chances of survival while helping them to better protect the public. This training program and subsequent certifications are now recognized worldwide as the standard in anti-terrorism qualifications.

Mr. Benages has more than 30 years of experience in business, security consulting, and government and corporate security management. He is Board Certified in Security Management (CPP) and is a Certified Administrator of Public Parking (CAPP). He has worked extensively in both the public and private sector, and understands the need to

-more-

provide security programs that protect people, information and property without interrupting business operations. Benages has a Master of Business Administration from Keller Graduate School of Management and is a member of ASIS International, International Parking Institute (IPI) and Notaries Association of Illinois.
